

Reviews an Advanced Materials and Technologies

Copyright Agreement

Article entitled:

Corresponding author:

To be published in the open-access electronic journal: Reviews on Advanced Materials and Technologies.

The current agreement is effective upon the paper acceptance for publication; copyright (in all forms and media) in the above paper is hereby transferred throughout the world and for the full term and all extensions and renewals to ITMO University (St. Petersburg, Russia). This transfer includes the right to adapt the presentation of the article for use in conjunction with computer systems and programs, including reproduction or publication in machine-readable form and incorporation in retrieval systems.

All published materials are distributed for a non-commercial use free of charge under Creative Commons Attribution Licence (CC BY-NC) (<https://creativecommons.org/licenses/by/4.0/>), proper reference to the Reviews on Advanced Materials and Technologies should be done.

Authorship

If the article was prepared jointly with other author(s), the signing author has informed the coauthor(s) of the terms of this copyright transfer and is signing on their behalf as their agent and represents that he or she is authorized to do so. Please confirm by marking the appropriate box following the signature line. The signing author shall bear the responsibility for designating the co-author(s) and must inform Advanced Study Center of any changes in authorship.

If copyright is held by the employer, the employer or an authorized representative of the employer must sign. If the author signs, it is understood that this is with the authorization of the employer and the employer's acceptance of the terms of the transfer.

Author Warranties

The author(s) warrant(s) that the article is the author's original work, has not been published before, and is not currently being considered for publication by any other journal. The author(s) warrant(s) that the article contains no libelous or other unlawful statements, and does not infringe on the rights of others. If excerpts from copyrighted works are included, the author(s) has (have) obtained written permission from the copyright owners and will credit the sources in the article.

Rights of authors

The authors of the paper have all rights for a non-commercial use of any materials published (see <https://creativecommons.org/licenses/by/4.0/>), including: the right to use any parts of the paper in their further publications (proper reference to publication in Reviews on Advanced Materials and Technologies should be done), the right to post the published version of the paper on public and secure servers and to transfer it in any form, and the right to use the article or any part thereof free of charge in a printed compilation of works of their own, such as collected writings or lecture notes, in a thesis, or to expand the article into book-length form for publication.
